Erasmus Sport is looking for interns!

Become a part of the Erasmus Sport Center! Apply now for a position as communication intern and help us making sports available for students on a daily basis. At the campus of the Erasmus University Rotterdam 10.000 students enjoy our facilities. We offer 50 sports, a gym, multiple events during the year, a sport cafe and 23 student sport clubs.

The position

We are looking for interns who like to work on their communication skills and enjoy a fun and flexible environment. Your daily tasks will be developing our social media content, writing newsletters and press updates, maintain our website and communication channels online and offline and help design our look and feel. You will be creating our marketing campaigns and helping with the organization of our in-house events.

All our external communication will be in English, but our daily meetings will be in Dutch as well. Being fluent in English is important since we are transitioning from a completely Dutch organization to a bilingual organization. This internship is part of the marketing department of Erasmus Sport where you will have two supervisors.

Great benefits

Your workplace will be in the Erasmus Sport Center, which facilities you can use for free during your internship. Your function is for 4 days a week, and a flexible mind-set is needed. Our events may occur in the weekends and evenings. All interns receive a monthly stipend.

You will have the chance to get behind the scenes experience, expand your network and a great opportunity to work on your communication and event organizing skills!

What we're looking for

We're looking for enthusiastic sport fans with a winning attitude, experience in social media, communication and fluent in English. We're looking for 3rd year or higher undergrad students who will be available from February 2017 until the end of June.

Required skills:

Experience in (public) writing, WordPress, InDesign or Photoshop.

Desired personality:

Team player. Flexible. Strong work attitude. Responsible. Outgoing. Client support. Open mind-set.

Interested?

Apply before December 14 with your motivation and CV by e-mail to:
